

Application for post of Member for MBA-BM/HRM Placement

Committee 2021-2022

Name: Anchal Bagaria

Roll Number: UM20191

Statement of Purpose:

I believe in hard work. It is this conviction that has brought me here. Hailing from a small town with limited opportunities, I have always tried to explore new avenues, pick up new skills and exploit the opportunities offered. This has helped to mould my personality in a more dynamic way.

Being in the industry for more than 3years, I realised that I have a healthy competitive edge for personal as well as professional growth. I get excited and motivated when I see an opportunity of growth and betterment. If there is an opportunity, I pull out all stops to win it. I also get excited when I get a chance of working in a team and helping others grow simultaneously. It excites me to know that I can inspire someone to grow.

Being a part of this extra-ordinary year, I have learnt the unconventional way of placements. During my graduation, being the Placement co-ordinator of my college, I have an experience of the conventional way. I believe my experience will help me and the team during the transition from online to offline.

Harder the obstacle, greater glory in overcoming it.
