

Application for the post of Member for MBA-BM Placement

Committee 2021-2022

Name: Dr. Susnata Panda

Roll Number: UX20371

Statement of Purpose -

- CAS is not a committee; it's an oath to serve students 24*7 in the pursuit of their dream jobs. Though infamously tagged as a "thankless job," I could seize my rewards as a shadow—the reward of hard work that is like no other. Our cores have always set the bar high through exemplary unity, discipline, and seriousness executed by them. As a shadow, I could understand membership in CAS is full of responsibilities and round the clock dedication. The tasks are not merely result-oriented but yield to one's growth. However, only core membership would help me render to the purpose of CAS and touch that bar. Being a fresher has always been my strength as I have ample room to learn and imbibe more. I tried my best to work as an active team member during my shadow membership. I have been into writing and oratory since my school days. Being a dentist, I have dealt with patients of all ages. These learnings have enhanced my communication skills, prepared me to be armed for uncertainties, and put work before myself. My goals, journey, outlook, what I aspire to be and to do - align perfectly with CAS membership.
