

## **Application for post of Coordinator/Member for MBA-BM/HRM Placement**

### **Committee 2021-2022**

**Name:** Guru Prasad Biswal

**Roll Number:** UM20331

#### **Statement of Purpose:**

It's been more than four months since I started working as a shadow member for the Student CAS Committee. This committee has shown me the real meaning of high pressure. Although it has been an online mode and the physical pressure was not there, it taught me a lot.

I started working for the Student CAS Committee in August 2020, but this is not my first exposure to a placement committee. I was a part of the student placement committee in my under-graduation college as well. That experience has given me a prior knowledge of how things work before, during, and after a placement process.

Both experiences have taught me a lot, but both had different learning curves. Where in the case of UG, my learning curve has been stopped. But here, my learning curve has just started.

This committee is not about me; this has always been about the students and the institute. There is a legacy of brilliant, selfless, and hardworking people working for this committee, and I'll be fortunate to get this opportunity.

Thank You
