

Application for post of Coordinator/Member for MBA-BM/HRM Placement

Committee 2021-2022

Name: Arijit Bhattacharya

Roll Number: UM20313

Statement of Purpose:

During our first meeting with the Dean, he mentioned that the CAS committee worked relentlessly round the clock. This intrigued me, and I took this as an opportunity to be a part of this set of meticulous workers and action planners.

Throughout my internships and work experience, I always took up roles that required me to solve crucial problems at my discretion. Having gained such expertise and the growth, it brought to my personality has helped me during my tenure as a shadow member. The core principle of the committee is absolute perfection as each task holds an opportunity for 700+ batchmates. Having understood the utmost importance of the work assigned, I have developed sheer grit and commitment towards the committee and the batch. The skills I have acquired over the past, as well as the skills I have gained over the last few months as a shadow, I believe will help me to become an efficient CAS core team member and maintain its legacy by leading my batch in the right direction when it will come to various fronts of a placement process.
