### **Committee 2021-2022**

**Name: Sumeet Kumar Agrawal**

**Roll Number: UM20365**

#### **Statement of Purpose:**

There is more to an MBA than just academic qualification, it's a montage of new possibilities to make connections, grow on an individual level, and break all shackles of inhibitions. CAS offers the platform to hone all these skills. The thrill that comes from managing academics and placements can give me a glimpse of real-time corporate experience even while pursuing my MBA.

I take my work seriously and know how to prioritize things. With four years of hands-on experience in the corporate sector, I have developed the art of managing people and work. As a CAS shadow, I have helped my batchmates at all times and intend to continue so. CAS is the place where my ability to convince, communicate, and coordinate will be useful for my entire batch.

I have been a part of SIPs and Xuberence where I have helped the core team throughout the process will all the responsibilities I have been assigned to the best of my abilities.

I am here with just one goal in my mind and that is to work towards achieving 100% placement of my batch and to work for Summer Internship process for the incoming batch.
