

Application for post of Member for MBA-BM Placement Committee 2021-

Name: Het Manish Gala

Roll Number: UM20203

Statement of Purpose:

Life's most persistent and urgent question is, "What are you doing for others?"

Having lived in Mumbai all my life coupled with a humble upbringing I read about Martin Luther King Junior in history during my school days. I got motivated and was driven towards service to humanity. I joined the eye donation moment at a young age and was the youngest one to reach 50 eyeballs enucleation and have been an active part ever-since. Having worked with the placement committee during my graduation days helped me understand the nuances of the corporate world

Employment at EY gave me a glimpse to the corporate world, continuous interaction with Corporate-Heads regarding statutory compliances and regulations enabled me to network more. Being part of a start-up at the ground level and family business has helped me nurture my negotiation and interpersonal skills.

Joining CAS fits perfectly in my pathway as when a candidate gets placed the smile on his face and his voice gives me goosebumps and satisfaction. My integrity, discipline, diligence and dynamism will surely be an asset to CAS.

"Woods are lovely, dark and deep. But I have promises to keep... miles to go before I sleep...."
