

## **Application for post of Coordinator/Member for MBA-BM/HRM Placement**

### **Committee 2021-2022**

**Name:** Shubh Gulati

**Roll Number:** UM20222

**Statement of Purpose:** The Placement Committee for any Institute is what every single stakeholder looks up to. Being a part of it brings a lot of glamour for sure, but has its own set of responsibilities that demand a hundred percent commitment. Joining the Career Advisory Services as a shadow member and working for the benefit of not just the students, but also the overall reputation of XIMB, has been one of the greatest experiences I've had till now. Being involved in various tasks, from research, or a process to handle, a LinkedIn writeup to prepare, or just having the batch to follow the deadlines, I have learnt a lot from not just mine, but the experiences of other shadows as well.

Becoming a Core Member of this prestigious committee would play a crucial part in the complete transformation of my personality as an individual before stepping into the real professional world.

Experience from interacting with company representatives, to pitch for the batch, would provide me with precious learnings to implement in the real world.

To sum it up, working for my batchmates and the juniors to come, and develop myself, is my purpose to stand for this job.
