

Application for post of Coordinator/Member for MBA-BM/HRM Placement

Committee 2021-2022

Name: Shivani

Roll Number: UH20047

Statement of Purpose:

I have always wanted to incorporate accountability in my life. A CAS core member to me is a position that is the epitome of accountability.

As a part of the shadow team, I had the chance to get the flavour of the diligence and meticulousness that goes into being associated with the placement committee. I could appreciate the preciseness with which each and every task was done. As I got involved in my tasks, I realized that there was little scope for errors. I also got a chance to grow a network of prospects across organizations that I could leverage upon to the benefits of my institution.

I want to give my best efforts in each task, irrespective of the perceived results it would fetch. Every attempt may not be a success but to keep trying is what I have learnt in my tenure as a CAS shadow. As I truly believe that some efforts manifest into expected outcomes and others do not but if our intentions are right things fall in place eventually.

I realized that each task brings with itself a huge responsibility and in undertaking this responsibility, I wish to unleash my maximum potential.
